

# Construction Report

## **a) Hospital**

### **i) Existing Hospital Kitchen Remodel**

The existing hospital kitchen remodel is progressing. The project is currently awaiting final approved drawings for the new doorway installation. Upon receipt, work will proceed toward completion.

---

## **b) Tower**

### **i) RFP for General Contracting Services**

The Request for Proposals (RFP) for General Contracting Services was released on March 18th.

---

### **ii) Elevator and Dumbwaiter Framing and Drywall**

Elevator and dumbwaiter framing and drywall work is progressing smoothly. The remaining item is the lead time for the access panels required for the dumbwaiters. Once received and installed, the project can move toward completion.

---

### **iii) Helipad**

As previously discussed, the helipad project has experienced slight delays due to additional information requirements. Progress continues, and we are moving toward submission of final plans to the State for approval.
